C. R. WALROD LIBERAL CANDIDATE FOR BOW RIVER

Mr Walrod was the very popular Liberal candidate in an enthusiastic nominating convention held in Calgary Thursday last.

More than a dozen times Mayor of his home town of Rockford he received a very warm endorsement. Out of a total of 145 votes, Mr Walrod received 85 votes; more than the combined number of the other two nominees.

Mr Walrod will make a worthy candidate to carry the Liberal banner in the Bow River riding and continue the Liberal victories recorded throughout Canada in the past several by-elections.

Though he has a strong opponent in the person of the C. F. A. Member, E. J. Garland, M. P.

With confidence of carrying the Liberal cause again into power expounded by every speaker that in turn emphasized an undertone of changing conditions requiring change of legislation, the meeting was one of enthusiasm from start to finish.

The Liberal party was after all a reformat party. The question was not so much that of advanced reform as how far their practical application might be feasible. Social credit, and its accompanying suggested reforms, was one of the policies mentioned prominently.

The three nominees were allowed three minutes each to state their platform.

Quiet of manner, clean cut of dition, Mr Walrod, early favorite for the nomination, stated that never had he made a political promise never asked a vote. He was not going to ask anything of the meeting. The delegates were there, it was solely for them to exercise their privilege. He selected he would do his very best. As other speakers had emphasized, there was no neutral mark. The party and Liberalism must advance with the modern trend or go backward.

The vote decided the question. It was on the basis that balloting would be continued until one nominee obtained 51 per cent, the nominee with the lowest vote on each ballot being eliminated. Only the "one ballot" was required.

Apart from the nominating the meeting re-elected the state of officers for Bow River constituency in its

UNITED CHURCH SUPPER ATTRACTS LARGE CROWD

Appetizing aromas and pretty flower decked tables awaited the many guests who gathered in the basement of the United Church Thursday evening last to enjoy the bounteous dinner served by the Ladies. Mrs Jones was ably assisted by a number of the ladies and girls of the congregation, and many were the satisfactory comments heard.

Following dinner, a very good programme arranged by Mrs Hittle was contributed by some of Strathmore's leading artists, which is tantamount to saying it was choice.

The programme was as follows, with Mrs E. Brundage ably filling the chair.

Miss Fink and Mr Leslie Hand; Harold, Gladys Seales; Miss E. Zerkle; Piano Selection, Maceo Seales; Whirling Solo, Mrs. Seales; Solo, Mr. Patrick; Moonlight Sonata, Seales Sisters; Duet, Mrs. Hughes and Miss Fink; Reading, Doris Williams; Solo, Leslie Hand; Reading, Mrs. White. The costly sum of \$75 was realized.

HAPPY BIRTHDAY PARTY

It being the occasion of Mrs H. Hille's birthday, the family arranged a very happy party to celebrate the event and enjoy the evening together. A delicious and bounteous dinner followed by an evening of music and general family conversation and sincere wishes for many happy returns all combined to make a most pleasant occasion. The party comprised Mr. and Mrs. H. Hille; Mr. and Mrs. T. S. Hughes; Mr. and Mrs. Leonard Hill; and Mr. and Mrs. Ford Hille.

Character and Living on the Mountain Top. The address was overflowing with the benefit of having high ideals and living them, and the admonition to live on the Mountain Top. Not only does the individual get much more pleasure himself, but he radiates a happier atmosphere and hence all who come in contact are benefited thereby. It is the individual's task towards creating a better world.

Following the service proper, an after meeting and social hour, was held at the church basement. Valuable advice was given by the visitors to the local Y. P. S. to make their gatherings profitable and progressive. The interest they aroused was strongly evidenced by the many pertinent questions asked particularly by the local young men present.

NATURE'S WONDERLAND

The weather we have always with us, but in what variety! Tuesday last sunshine of August warmth clear and bright, as that which the Prince of Wales described in his first visit to Alberta as being like "distilled gold."

Today June week hence, Jack Frost has paid a visit and every twig and branch is galled in a lacy gown of parent white and most delicate gossamer pattern. Overhead the sweeping branches form an archway of fairy like loveliness and the frost scattered wires stretching away to the "Never Never Land" and mayhap our thoughts with them on intangible waves. Truly it is a vista of rare beauty.

HOCKEY REFEREE

Amby Moran of Winnipeg, former professional hockey player with Reg. DOG TAXES

In the past the Town Council has had difficulty in getting everyone to pay their dog taxes, a condition which the Council believes to be unfair to those who have paid, so, after ample warning, six dog owners were, on instructions from the Council, prosecuted before Mr. Harold Bladen, J. P. at the Town Hall. The charges under what might be called the Dog By-law.

Five of the six pleaded guilty and were assessed the tax, plus Magistrate's costs of \$2.25 in each case, while one pleaded not guilty, and after such prostration on his part was found guilty and put in the same class as the other five.

So far as the Town officials have been able to ascertain such proceedings were never before taken in Strathmore, and we hope that the necessity of taking them again will not arise.

Y. P. S. SERVICE VERY FINE

S. pianist, Miss Garrett accompanying, with the ever efficient and faithful Mr. Jeter presiding. The service was the Scripture lesson and prayer, Mr. Christie who is studying for the ministry gave a most interesting address on the subject, "If Christ Were in the Pulpit Next Sunday." He gave some very true and strong statements of the changed conditions that would be effected in the church and in the world were the Life of Christ actual and fully lived. Mr. Bill Pettigrew based his most interesting address on

Controversy Over the 'Bear' Raid
The Council of the Winnipeg Grain

wards the end of last week in which
the willingness was expressed to per-
mit an investigation into the ex-

Eventful Months Ahead
Commencing with November, the
last eight months of the current crop
year which ends on July 31, 1935,
promise to be eventful ones. It will be
determined in that period of time
justly what extent the world will get
rid of the surplus above normal
carry overs and to what extent the
Canadian carryover will be reduced.

Among the authorities who contend
that the wheat carry over will be
down to normal are: The International
Institute of Agriculture at Rome;
Sir Herbert Robinson, prominent official
of the Baltic Grain Exchange,
London, Eng. and John I. McFarland,
head of the Canadian Wheat Pool, to
mention the most prominent. The
Food Research Bureau of Stanford
University, recognized as an out-
standing authority, is not quite so
sure and feels that from the data
available the surplus will not be
down to normal (600 million bushels)
but possibly within 150 to 300 mil-
lion bushels of that amount.

DR HARRY EMERSON FOSDICK AND THE UNKNOWN SOLDIER

The following paragraphs are taken from an address given by that eminent preacher. We would like to publish in full, but space forbids.

You may think that I, being a Christian minister, did not know him. I knew him well! From the north of Scotland, where they planted the sea with mines, to the trenches of France, I lived with him and his fellows.

I lived with him in dugouts, in the trenches, and on destroyers searching for submarines off the shores of France. Short of actual battle, from training camp to hospital, from the fleet to no man's land, I a Christian minister, participated in it. I too was a glib fool and thought that modern war could somehow make the world safe to democracy. They sent men like me to explain to the army the high meanings of war and by every argument we could command, to strengthen their morale. I wonder if I ever spoke to the unknown Soldier.

One night in a ruined bar behind the lines, I spoke at sunset to a company of hand grenadiers who were going out that night to raid the German trenches. They told me that on the average no more than half a company came back from such a raid, and I, a minister of Christ, tried to nerve them for their suicidal and murderous endeavour. I wonder if the Unknown Soldier was in that barn that night.

Once in a dugout which in other days had been a French wine cellar, I bade goodnight at two in the morning to a detail of men going out on patrol in no man's land. They were a fine company of American boys fresh from home. I recall that, huddled in the dark, underground chamber, they said:

Lead, kindly light, amid th' enemy

clinging gloom—
Then, with my admonitions in their ears, they went down from the second to the first line trenches and so on to no man's land. I wonder if the Unknown Soldier was in that dugout.

I have an account to settle between my soul and the Unknown Soldier. I received him. I deceived myself first, unwittingly, and then I deceived him, assuring him that good consequence could come out of that. As a matter of hard headed, biological fact, what good can come out of that? Mad civilization, you cannot sacrifice on bloody altars the best of your men and expect anything to compensate for that.

FUTURE OF CANADA

It was an inspiring service held by the Y P S Sunday evening last in the United Church, inspiring in the sense that young people of culture ability and outlook of those young men conducting the service, will in a few years be the law makers and men of general affairs of Canada, augurs well for the future of Canada.

A NEW STRAIN OF DWARF SWEET CLOVER

It is only within the last twenty years that Sweet Clover has become an important crop in Western Canada. A number of varieties are in existence, each of which is characterized by one or more special features. Few, if any, of them are uniform in all features. It is the lack of uniformity coupled with other undesirable features that make the production of improved varieties imperative. Sweet clover is an open pollinated plant and its improvement in the hands of the plant breeder is of necessity slow. Only a few varieties suitable to prairie conditions have been developed. Conditions differ so greatly in the various districts of the West that a strain suited to one region may be wholly unsuited to another. This means that more attention may be given to the development of regional strains.

The seed cleaning plant at Lethbridge station is in all readiness for another busy season and farmers who wish to avail themselves of the seed cleaning facilities here and are able to bring their seed to the station are urged to do so sometime during the next four months. Charges for cleaning will be low during December, January and February, but after March 1st, when preparations for spring work start, charges will be doubled, and after April 1st, or when field work actually starts this service may be discontinued. As an accommodation for farmers, grain will be accepted in lieu of cash in payment for the cleaning. The seed cleaning plant here is very conveniently designed and with elevator facilities is equipped to handle grain in either bags or bulk. The cleaning equipment includes a monitor that handles from 50 to 70 bushels.

Miss M. Hines, former teacher in our school visited friends last Sunday. She is at present teaching near Crowfoot.

Mr. John Friesen enlarged his house last week. Quite a number of men volunteered their services and co-operated with him.

The young people of the district met at J. Thiesen last Sunday evening to enjoy an hour of good fellowship.

On Saturday next Miss Annie Reimer is going to be married to Mr. Max Maerz of Calgary. The wedding will be held in the bride's home near Blind Creek school. The social evening to which all young people are

invited will be enjoyed in the bride's home in the evening. The couple will reside in Calgary. We all join in wishing them a great deal of happiness.

A Sunday School Conference will be held in the M. B. Church next Sunday. Two demonstration lessons, one for the small children and one for the upper grades will be given. An address on the significance of this phase of church work will also be given. The choir under G. Quiring will render appropriate selections.

THE STANDARD REQUESTS THAT ALL CORRESPONDENTS HAVE THEIR COPY IN NOT LATER THAN WEDNESDAY TO ENSURE PUBLICATION IN THE WEEK'S ISSUE.
